

ANNOUNCEMENT

Tuition at the institute in the summer semester of the 2023/2024 begins:

19th of February 2024

2nd YEAR (study groups 2051 – 2058): subject **Medical chemistry and Biochemistry**

lectures: Wednesday 10:45 – 12:15 (Lecture hall 097 – Cori, U nemocnice 5)

Thursday 12:30-14:00 (Lecture hall 1.26, U nemocnice 4)

seminars:

Monday and Friday 14:15 – 15:45 (Lecture hall 097 – Cori, U nemocnice 5)
(seminars weeks will be specified in syllabus)

practical lessons and practical seminars: Monday, Tuesday, Wednesday, Thursday – 14:15-17:15
laboratory of practical lessons, U Nemocnice 5

Attendance at lectures is strongly recommended. Attendance at the practical lessons and seminars is mandatory. The conditions for obtaining credit in the Medical Chemistry and Biochemistry subject are ruled by a separate decree.

The student is obliged to wear the student card in a visible place during practical lessons.

If the student arrives more than 15 minutes after the start of the compulsory class, the student will not be allowed into the class without refund.

Mandatory equipment for practical lessons (2nd year students): white work coat, instructions for practical lesson and printed protocol templates, gloves and slippers.

We recommend that each student bring an alcohol glass marker, a calculator, and a locker padlock.

In matters of study issues, contact as. M.Sc. Jan Ševčík, Ph.D.

Prof. MUDr. Aleksi Šedo, DrSc.
The head of the Institute
